Danielle Graham

5

Confusing as specialized experience relayed what was completed as a 12 per the resume, not as the 13 position.

7

Detailed project. The essay would have benefited from organization. Very long run on sentences. Topic bounced around a lot.

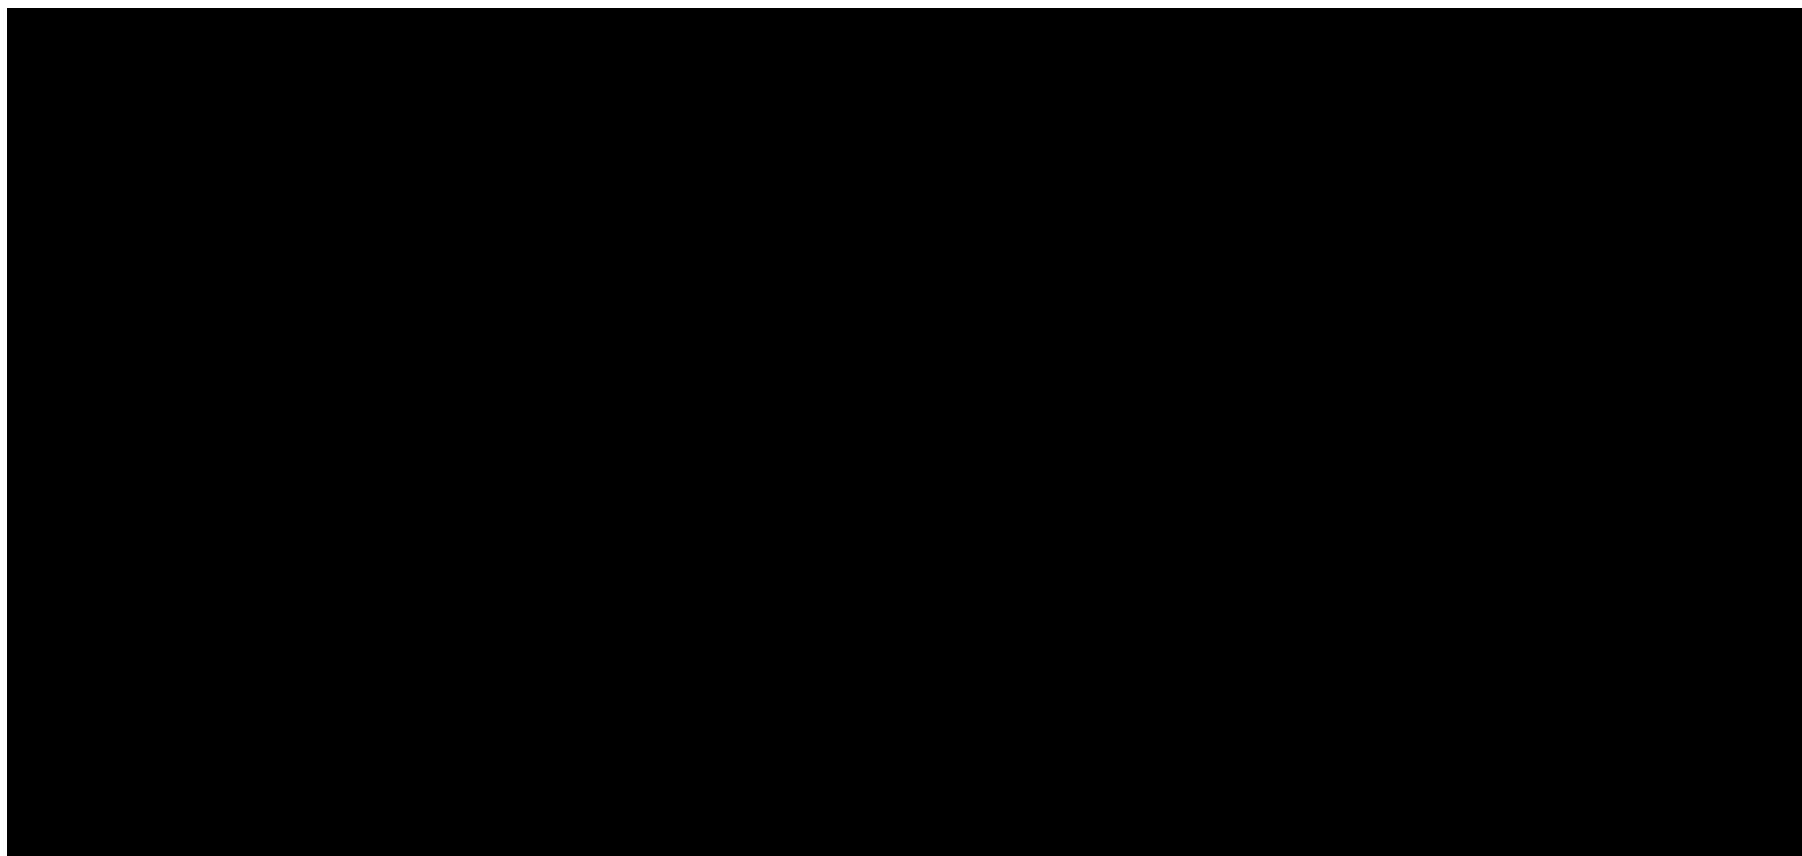

3

Strategy hinted at, more project based experience

15

Multiple projects listed. Although difficult to find throughout the resume and also repeatative in the skills vs experience

Resume Review for MAS  
(score 1-20)

Total Score

Mentions MAS, rotation as a  
CS. Resume more focused  
on purchasing and IDIQs in  
the non MAS arena

Resume would benefit from  
categorization. Difficult to  
follow.
